IN APPRECIATION
FOR HIS 12 YEARS SERVICE AND DEDICATION
AS
PUBLIC WORKS DEPARTMENT FOREMAN
THIS 1990 ANNUAL TOWN REPORT IS
DEDICATED
TO

WAYNE "PUNK" RICHARDS

SERVING US 1978 - 1990

I am very pleased the Town Report is being dedicated to my husband. It is so appropriate for the man he was.

He was a dedicated man, not only to his family but equally to his job. He always felt his best wasn't good enough whether in his role as father, husband, or employee.

As far as his role as a family man, we couldn't be more proud to say "He belonged to us." He wasn't perfect but was wonderful and he is greatly missed.

He was very conscientious about his work. He was always ready to help out where and when he was needed. I, at times, became quite frustrated because of his dedication to his work, but that is part of what made him the man he was.

I hope those of you who knew him will not forget him.

Thank you,

Carol J. Richards

The Board of Selectmen has dedicated the 1990 Annual Report to Wayne "Punk" Richards.

Punk was a very friendly, dedicated and knowledgeable employee of the Town of Meredith. To those that knew him through work for the Town, they saw him to be very particular in his finished product; for those many family, friends and fellow parishioners, Punk was known for his dedication and willingness to help, and eagerness to participate in any way he could.

Although I had not worked with Punk very long since my employment in Meredith, I enjoyed his enthusiasm, drive and dedication.

Punk is missed by many, as evidenced by those attending his funeral, but he will be remembered by all.

Peter G. Russell, Town Manager

Board of Selectmen's 1990 Annual Report

To the Citizens of Meredith:

We have found 1990 to be a very productive and unusual year for the Town of Meredith.

Our largest unanticipated ordeal was the August flood. Meredith sustained an estimated \$420,000 in roadway damage. The County was declared a federal disaster area by the President of the United States. This declaration provided 87.5% rebuilding reimbursement from the Federal and State Governments. Our local commitment is to be met by use of our equipment and manpower. Much of the repair work was done in 1990 and completion is planned for 1991 under the direction of Public Works Director Barry Cotton.

Sadness came upon us with the passing of Wayne "Punk" Richards, a friend to all and a dedicated Public Works employee for over twelve years; we have dedicated this Annual Report to his memory.

We wish to remind all citizens of the Town Meeting vote in 1989 limiting highway salt for the protection of the environment; the town is adhering to this recommended policy.

Recycling of solid waste continues to be a community commitment. Mandatory recycling has diverted 1700 tires, 1,000 gallons of used oil, 2800 lbs. of household and automotive batteries and over 700 tons of recyclables from landfills and incinerators, protecting our environment. With cost avoidance from tipping fees and transportation amounting to \$53,155.17 and recycled sales producing revenues of \$16,282, we have realized a total savings of \$69,437.17. Recycling works! Please continue to help us.

Town Manager Peter Russell has worked very hard on many issues in 1990; we wish to draw your attention to one in particular: the Meredith Center waterline interconnection warrant article on the 1991 warrant; Meredith Center residents have suffered gasoline contamination in their water for over eleven years. We support the warrant article to remove the health threat in Meredith Center and provide a better future for the entire Town of Meredith. Please support this article at Town Meeting.

We wish to thank our dedicated town employees and volunteer boards for doing an excellent job. We are proud to serve the citizens of Meredith with your help.

As is always the tendency, you remember those that serve after they have fulfilled their commitment.

We wish to thank the following dedicated volunteers for their past service which ended in 1990:

Representative to the General Court
Earle D. Hardy

Trustee of Trust Funds
Leo Kershaw

Library Trustees
Betty Roberts

Planning Board
Craig Moriarty

Zoning Board of Adjustment
Janice Phillips
Marilyn Plummer, Alternate

Conservation Commission
Herbert Stahl
Lynn Hart

Once again, we have proposed a conservative budget to reflect difficult economic times.

In closing, we have tried to address all issues brought forward from the community and we wish to thank the citizens for their support and confidence.

Sincerely,
David S. Sticht, Chairman
Robert P. Ambrose
James F. Hughes
Meredith Board of Selectmen

Town Manager's 1990 Annual Report

To the citizens of Meredith, I wish to say thank you for your input and support of my staff and myself as we attempt to conquer the many challenges presented to us.

1990 was an enjoyable, hectic and productive year to be serving the Town of Meredith.

The Selectmen's Report has discussed many items, but I will share additional activities of employees and volunteers:

- Complete reconstruction of Lake Street
- Installation of the limited access Lake Waukewan boat ramp
- Initial completion of Upper New Hampton and Livingston Roads (some flood repairs remain for 1991)
- All police officers CPR trained (with lives saved already)
- Fire Department continues to train and now contains 21 dedicated, certified level 1 or career level volunteers
- New Waukewan Park completed
- Very successful Hazardous Waste Collection Day
- Received State recycling grant for new storage/recyclable storage building to be built in 1991
- Concession/Bathroom building to be completed for the 1991 season
- Water Dept. leak detection and repair program; development of in-house water meter testing, certification and repair program
- Continuing community mapping, street numbering and Capital Improvement Plan for completion in 1991
- Institution of Ground Water Protection Program by Town Planner Conservation Commission
- Housing Task Force Study by volunteer committee
- Received State and Federal approvals to proceed with Clough Park wall replacement
- Continued providing the level of service expected within restricted budget

Two very important issues are ongoing:

The State DOT 10 Year Highway Plan has been a primary issue in 1990. A volunteer ad hoc committee participated and we were successful in convincing State Officials to move forward on a corridor study implementation of future improvements on Routes 25 and 3. Our success thus far is obvious by the numerous State survey crews in the area!

The Meredith Center gasoline hydrocarbon contamination solution is now ready for implementation. Although suits have been filed against responsible parties, Mobil Oil appears to be a thorn in settlement proceedings. We expect to win our case, but the residents of Meredith Center should wait no longer. We have proposed a warrant article to abate this problem and better the Town of Meredith. With future cuts proposed at the Federal level, we urge you to support the warrant article to take advantage of maximum Federal grants while they are available.

I have talked or worked with a number of you, but certainly not everyone. If there are questions or concerns, please contact the Town Offices.

I wish to thank our excellent town employees and board volunteers for their hard work and dedication to me and the Townspeople of Meredith.

Sincerely,
Peter G. Russell
Town Manager

Record of Annual Town Meeting

March 13, 1990

TO THE INHABITANTS OF MEREDITH
QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet at St. Charles Church Auditorium, Route 3, in said Town on the second Tuesday of March next, March 13, 1990 from 9:00 A.M. until 7:00 P.M. for the casting of ballots; and at 7:00 P.M., Wednesday, March 14, 1990 at the Robert Pottle Memorial Auditorium in the Inter-Lakes High School in said Town to act on the following articles:

BALLOT ARTICLES TO BE ACTED UPON

Total on Checklist	3321
Total ballots cast	529 includes 13 absentee ballots.

ARTICLE 1

To bring your ballots for:

One Selectman for three years JAMES F. HUGHES	444
One Town Clerk for three years PAULINE L. FOURNIER	500
One Town Treasurer for three years BRUCE U. SANDERSON	485
One Moderator for two years JOSEPH PARKMAN	480
One Trustee of Trust Funds for three years JONATHAN D. JAMES	443
One Supervisor of the Checklist for six years DEBORAH KEMP MCNEISH	463
Two Library Trustees for three years CHARLES W. LOWTH	382
SANDRA SULLIVAN	408
One Library Trustee for two years SARAH T. VOGLER	456

ARTICLE 2

To choose other necessary Town Officers. NO ACTION NECESSARY.

ARTICLE 3

Shall we adopt the provisions of RSA 72:28, V and VI for an optional veterans' exemption and an expanded qualifying war service for veterans seeking the exemption? The optional veterans' exemption is \$100., rather than \$50." (Petitioned by 10 or more voters.)

YES (414) NO (88)

ARTICLE 4

Shall we adopt the provisions of RSA 72:35, IV for an optional property tax exemption on residential property for a service-connected total disability? The optional disability exemption is \$1,400. rather than \$700. (Petitioned by 10 or more legal voters.)

YES (368) NO (117)

ARTICLE 5

Are you in favor of the adoption of Amendment No. 1 as proposed by petition for the Town Zoning Ordinance as follows: Having to do with Building Permits for building "maintenance" as discussed at Public Hearings on January 9, 1990 and January 30, 1990; the purpose being to define building "maintenance" and to exempt building "maintenance" from the building permit requirement? (BY PETITION.) The Planning Board recommends disapproval of the proposed petitioned amendment.

YES (341) NO (164)

ARTICLE 6

Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with Building Permits and certain types of ordinary repairs as discussed at Public Hearing on January 30, 1990; the purpose being to exempt certain types of ordinary repairs from the building permit requirement?

YES (300) NO (181)

ARTICLE 7

Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with

non-conforming structures as discussed at Public Hearing on January 9, 1990; the purpose being to re-define when a Special Exception is required in order to expand a non-conforming structure?

YES (327)

NO (136)

ARTICLE 8

Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with temporary, unapproved use or activity as discussed at Public Hearing on January 9, 1990; the purpose of said amendment to require a permit from the Board of Selectmen for temporary, unapproved uses occurring on property that is subject to Site Plan Review?

YES (279)

NO (190)

ARTICLE 9

Are you in favor of the adoption of Amendment No. 5 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with the definition and regulation of temporary signs as discussed at Public Hearing on January 9, 1990; the purpose of said amendment being to allow temporary signs in all districts, with conditions and limitations, pursuant to a required permit from the Board of Selectmen?

YES (312)

NO (161)

ARTICLE 10

Are you in favor of the adoption of Amendment No. 6 as proposed by the Planning Board to the Town Zoning Ordinance as follows: Having to do with soils and slopes requirements as discussed at Public Hearing on January 30, 1990; the purpose being to delete the "Minimum Lot Sizes Based Upon Soils and Slopes" table from the Zoning Ordinance upon adoption by the Planning Board of soils and slopes requirements as amendments to the Meredith Sub-division Regulations?

YES (268)

NO (180)

ARTICLE 11

Are you in favor of the adoption of Amendment No. 7 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with

defining “Minimum Lot Size” as discussed at Public Hearing on January 9, 1990; the purpose being to clarify existing terminology and concepts? No density changes are proposed.

YES (366) NO (106)

ARTICLE 12

Are you in favor of the adoption of Amendment No. 8 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with defining “Net Contiguous Functional Area” as discussed at Public Hearing on January 9, 1990; the purpose being to clarify existing terminology and concepts regarding soils and slopes requirements?

YES (342) NO (109)

ARTICLE 13

Are you in favor of the adoption of Amendment No. 9 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with wetlands as a portion of minimum lot size requirements as discussed at Public Hearing on January 30, 1990; the purpose being to establish that wetlands may not be considered as part of that portion of a lot which is subject to soils and slopes requirements?

YES (306) NO (151)

ARTICLE 14

Are you in favor of the adoption of Amendment No. 10 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with Class I utilities as discussed at Public Hearing on January 9, 1990; the purpose being to define “Community Wastewater System” and “Community Water Supply” and to re-define Class I utilities status to include same?

YES (335) NO (108)

ARTICLE 15

Are you in favor of the adoption of Amendment No. 11 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with the definition of “Hotel” and the definition of “Dwelling Unit” as discussed at Public Hearing on January 9, 1990; the purpose being to define “Resort Hotel” and to exclude “Hotels, Resort Hotels and Motels” from the

definition of “Dwelling Unit”, thereby being exempt from area per dwelling unit density requirements.

YES (300)

NO (161)

ARTICLE 16

Are you in favor of the adoption of Amendment No. 12 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with “Hotels, Resort Hotels and Motels” as discussed at Public Hearing on January 9, 1990; the purpose being to allow “Hotels, Resort Hotels and Motels” as permitted uses in the Central Business District and Commercial/Route 3 South District by Special Exception only?

YES (307)

NO (149)

ARTICLE 17

Are you in favor of the adoption of Amendment No. 13 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with maximum lot coverage limitations as discussed at Public Hearing on January 9, 1990; the purpose being to replace existing “building coverage” limitations with “total impervious coverage” limitations on a district basis?

YES (276)

NO (171)

ARTICLE 18

Are you in favor of the adoption of Amendment No. 14 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with the definition of “Setback” as discussed at Public Hearing on January 9, 1990; the purpose being to allow off-street parking within designated setbacks by Special Exception only?

YES (272)

NO (195)

ARTICLE 19

Are you in favor of the adoption of Amendment No. 15 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with “Private Ambulance Service” as discussed at Public Hearing on January 9, 1990; the purpose being to allow “Private Ambulance Service” as a permitted use by Special Exception in all zoning districts?

YES (355)

NO (121)

ARTICLE 20

Are you in favor of the adoption of Amendment No. 16 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with criteria for the granting of a variance as discussed at Public Hearing on January 9, 1990; the purpose of said amendment being to bring the ordinance into conformity with N.H. Supreme Court decisions?

YES (390)

NO (81)

ARTICLE 21

Are you in favor of the adoption of Amendment No. 17 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with administrative re-organization of the Zoning Ordinance and discussed at Public Hearing on January 9, 1990; the purpose being to consolidate provisions of the existing ordinance; make terminology consistent, re-numbering as necessary and deletion of duplications, inconsistencies, etc. within the ordinance?

YES (384)

NO (93)

DELIBERATIVE SESSION
March 14, 1990

The Deliberative Session was convened on Wednesday, March 14, 1990 at the Inter-Lakes High School at 7:00 PM by Moderator Joseph Parkman. The Invocation was given by Rev. John Betournay of the Congregational Church. Moderator gave the following instructions to the assembly:

Only registered voters in the center section. Proceed in an orderly fashion to the mike, give your name each time and address your questions to the Moderator. Non-residents must ask permission of the assembly to speak.

Results of the previous day's balloting were announced.

ARTICLE 22

It was moved by Selectman James Hughes and seconded by Selectman Sticht to see if the Town will vote to authorize the Selectmen and the Town Manager to apply for, negotiate and do all other things necessary to obtain such State and Federal funds that may become available throughout the year and expend the same.

No discussion, passed by a voice vote unanimously.

ARTICLE 23

It was moved by Selectman Sticht and seconded by Selectman Ambrose to see if the Town will vote to authorize the Selectmen and Treasurer to borrow in anticipation of taxes, such sums as are necessary for the operation of the Town and to set the rates, effect the issuance of notes, and to otherwise negotiate for the sale of notes to be paid within the present fiscal year.

No discussion, passed unanimously in the affirmative by a voice vote.

ARTICLE 24

It was moved by Selectman Ambrose and seconded by Selectman Hughes to see if the Town will vote to raise and appropriate \$5,438,799.00 (five million four hundred thirty eight thousand seven hundred ninety nine dollars) for the necessary operational expenses of the Town for the ensuing year.

Mr. Ambrose explained that \$616,880.00 is water and sewer that do not impact the tax rate, the actual operating budget is \$4,821,919.00. Some of the increase was due to the decision of the Selectmen to pay off the Meredith Center Fire Station in two years instead of the original five years because of the upcoming school financing. There were some questions regarding the Debt Service and the budget items under Professional Services that were answered by Manager Russell and the Selectmen.

No further discussion, passed by a unanimous voice vote in the affirmative.

ARTICLE 25

It was moved by Selectman Hughes and seconded by David Sticht to see if the Town will vote to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000.) for improvements under the State Aid Reconstruction Program provided that the State of New Hampshire appropriates Forty Thousand Dollars (\$40,000.).

There were questions on what was to be reconstructed answered by Selectman Hughes. He stated that funds were accumulated and then spent on State-Aid Roads such as Barnard Ridge Road, Meredith Center Road and Meredith Neck Road.

No further discussion, passed unanimously in the affirmative by a voice vote.

ARTICLE 26

It was moved by Selectman Sticht and seconded by Bob Ambrose to see if the Town will vote to authorize the Selectmen to expend such amounts from the Refuse Disposal Capital Reserve Fund as may be necessary for the reconstruction and/or capital expenditures as required.

Questions from the floor indicated some concern allowing the Selectmen an open check to use on the facility. Mr. John Carson, a trustee of the trust funds, said that there was only \$37,800. dollars available.

No further discussion, passed in the affirmative by a voice vote. No nays.

ARTICLE 27

It was moved by Selectman Ambrose and seconded by Jim Hughes to see if the Town will vote to authorize the Selectmen to sell and transfer title to all real estate taken by the Town in default of redemption or from any Tax Sale or Tax Lien upon such conditions as they shall see fit.

No discussion, passed in the affirmative by a voice vote.

ARTICLE 28

It was moved by Jim Hughes and seconded by Dave Sticht to see if the Town will vote to adopt the provisions of RSA 41:9-a authorizing the Board of Selectmen to establish or amend fees for the Town of Meredith.

This would allow the Selectmen to establish or amend fees after a public hearing. This RSA is a new law. Mr. Carson requested an explanation of RSA 41:9a. Selectman Hughes informed the assembly that a copy was attached to the informational handout.

No further discussion, passed in the affirmative by a voice vote.

ARTICLE 29

It was moved by Selectman Sticht and seconded by Selectman Ambrose to see if the Town will vote to raise and appropriate the sum of Four Thousand Dollars (\$4,000.00) to fund a feasibility study for sewer extensions and improvements for Patrician Shores/Sands of Brookhurst area.

David Erving spoke against the article. He felt that the area people generally were not in favor and the information given was based on emotional

issues. The community water system was not in jeopardy and the residents of the area did not need or want the study and to vote against it. William Melville who is a non-resident property owner and a Meredith taxpayer requested permission to speak to the Meeting. Permission was granted by a voice vote of the assembly. Mr. Melville spoke in favor of the article stating that a major aquifer had been identified in the area and common sense would support the article. Several more statements both pro and con came from the floor. John Dever, Meredith Health Officer, spoke in favor of the article. Bill Lowth made a motion to move the question. Voice vote to move the question passed in the affirmative. No further discussion. The Moderator declared the article passed in the affirmative by a voice vote with a few nays.

ARTICLE 30

For the purpose of discussion it was moved by Selectman Ambrose and seconded by Selectman Hughes to see if the Town will vote to approve a mooring field with up to 32 boats in Meredith Bay for residents or taxpayers of Meredith; and further, to raise and appropriate a sum not to exceed Twelve Thousand Eight Hundred Dollars (\$12,800.00) for said field construction. The Twelve Thousand Eight Hundred Dollars (\$12,800.00) will be reimbursed to the Town within 12-18 months of operation.

Several people spoke against the mooring field. An amendment was made and seconded to reduce the number of moorings to 24 and the amount of money to \$10,000. The Moderator declared the first voice vote undeterminable. The amendment passed in the affirmative by a second voice vote. A motion to table the amended article was defeated.

Several persons spoke further on the article, both pro and con relative to liability, enforcement costs, control, residents versus non-residents and State controlled mooring field. An amendment was made to the amended article to limit the mooring field to sailboats only. There was some discussion on the amendment. The amendment to limit to sailboats was defeated by a voice vote. A motion made by Michael Hatch to move the question was seconded. The article as amended to reduce the number of moorings to 24 moorings and the amount of money to \$10,000. was defeated.

ARTICLE 31

It was moved by James Hughes and seconded by David Sticht to see if the Town Meeting will vote to discontinue a portion of an old Class VI highway from Route 3, westerly onto the Zela Bucklin property, 2,000 feet, plus or minus, as shown on Tax Map S19 between Lots 56A, 57A and 59, subject to a layout and acceptance of an alternative Class VI layout through property

owned by Independence Square and J.R. Partnership to the above-mentioned Bucklin property, a distance of 1,300 feet, plus or minus. (Petitioned by 10 or More Legal Voters.)

It was moved by Hughes and seconded by Sticht to amend the article to add “and connecting with that portion of the Class VI highway not discontinued by the Town, or to the rangeway.”

No discussion on the amendment, passed in the affirmative by a voice vote. Some discussion on the amended article. Mr. Hughes explained that this was to change an entrance on a plan that came before the Planning Board. The Board felt that the entrance was dangerous and should be changed. It was agreed that the developer would build to the Bucklin property line and then it would be a paper street. A public hearing would be held at the time of layout.

Amended article passed in the affirmative by a unanimous voice vote.

ARTICLE 32

For the purpose of discussion it was moved by David Sticht and seconded by Robert Ambrose to see if the Town will raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) for the Conservation Fund to promote the better utilization of our natural resources. (Petitioned by 10 or More Legal Voters.)

Some discussion followed with the members of the Conservation Commission speaking in favor of the article. The Selectmen felt that the \$8200.00 left in the fund and the funds forthcoming from the current use penalties would be adequate for this year.

Mr. Webb of the Conservation Commission stated the current use penalties is not a guaranteed amount and Mrs. Bertholet of the Commission stated that they wanted to build a fund to conserve wetlands and buy land.

No further discussion. The Moderator declared the article passed in the affirmative by a voice vote. There were a few nays.

ARTICLE 33

For the purpose of discussion it was moved by Selectman Ambrose and seconded by Selectman Hughes to see if the Town will raise and appropriate the sum of Nine Thousand Dollars (\$9,000.00) for Phase I of a Ground-water Resource Evaluation and Protection Study for the Town of Meredith. (Petitioned by 10 or More Legal Voters.)

Mr. Ambrose stated the \$9000.00 had already been included in the budget. Motion was made and seconded to table the article. Unanimous voice vote to table the article.

ARTICLE 34

For the purpose of discussion it was moved by Mr. Hughes and seconded by Mr. Sticht to see if the Town will vote to raise and appropriate the sum of Eleven Thousand Six Hundred Forty-One Dollars and Forty-Three Cents (\$11,641.43) for the Youth Services Bureau's Court Diversion services for first offenders (an effective alternative to the juvenile court system) and other youth oriented programs, i.e., The Challenge Course, the Youth Companion Program and short-term counseling. (Petitioned by 10 or More Legal Voters.)

There was considerable discussion on this article. Mr. Seaward-Salvati of the Youth Services Bureau was allowed to speak on this article. He explained that the purpose of this program was restitution and apology to prevent the need of placing the juvenile in YDC. The Selectmen and the Police Department were opposed to this article only because they felt it was a duplication of what the local Juvenile Officer already does and the request was made to the wrong government body for this particular project. The article was defeated by a voice vote.

ARTICLE 35

It was moved by Selectman Sticht and seconded by Selectman Ambrose to see if the Town will vote to designate and proclaim April 22, 1990, as Earth Day 1990, and to set aside that day for public activities promoting preservation of the global environment and launching the "Decade of the Environment."

Mr. Lou Laverdure spoke in favor of the article stating that the Conservation Commission had established a committee to plan activities and to involve the schools.

No discussion, article passed unanimously by a voice vote in the affirmative.

Selectman Hughes made a motion to adjourn which was seconded. Meeting was adjourned at 8:55 P.M.

Pauline L. Fournier
Town Clerk
Meredith

Meredith Police Department

1990 Annual Report

It has been a very busy year for the Meredith Police Department. For the first time ever, we answered over 10,000 calls for service. We use this figure of calls for service to measure not only activity of the police department, but also activity of the town. Although our activity has been up, it has been a safer year. We have seen a measured decrease in accidents with no fatalities.

In order to increase the safety of our citizens, the Meredith Police Department has trained all its members in CPR and plans to keep all members certified. Since this certification process, members of this department have given CPR on several occasions, saving several lives.

For the past year, the police department has seen an increase in the experience level of its officers. Many of the officers have attended schools, which increases their ability to serve their community. During the past year, the police department has initiated changes which require the officers to conduct more investigations. The purpose of this is to better serve the residents and visitors of our community that have the unfortunate experience of being a victim of a crime.

During our busy summer season, we utilized our revitalized cadet program. Three cadets provided a number of services, including parking enforcement, supervising the boat launch ramp, assisting with traffic control, and helping update our business files so the department could provide more efficient service to the business community.

In closing, I would like to thank the members of the Meredith Police Department for their enthusiasm in performing their mission, serving the residents of our community. I would also like to thank the residents of this community for their continuing support of their police department.

Respectfully submitted,
Paul Dillon
Acting Chief of Police

Meredith Fire Department

1990 Annual Report

Thanks to the continued support of the Town's administrators, the Fire Department was able to provide nineteen firefighters with State certified training in 1990. Four men took the Level I program dealing with basic fire-fighting theories and skills. Between January and April, fifteen firefighters previously certified at Level I took the first ever career level program offered within the Lakes Region Mutual Aid system. Completion of both the Level I and Career Level programs certifies a person to work for most professional departments in the State. The Career Level Program emphasizes training in hazardous materials, flammable liquids and gases, and combined engine/ladder company operations.

On a monthly basis, all firefighters also train with various tools and equipment used by the Department. The monthly drills are typically designed to simulate some type of emergency situation which the Department may face. In 1990 these drills included:

1. Simulated in-town structure fire utilizing hydrants for water;
2. Simulated rural structure fire utilizing draft sites for water;
3. Simulated structure fire on Pike Island - difficult access;
4. Vehicle extrication;
5. Cold water rescue; and
6. Review of Wallace Oil bulk storage facility.

Combined with fifteen members with ten-plus years experience, the Fire Department's twenty-one state certified members give Meredith a seasoned and well-trained group of firefighters.

Forest Fire Warden

1990 Annual Report

During 1990, the State of New Hampshire experienced an average number of wildfires. Please help your town and state forest fire officials with forest fire prevention. NH RSA 224:27 II requires that "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done." Violations are misdemeanors punishable by fines up to \$1,000 and/or a year in jail and you are also liable for all fire suppression costs.

If you have any questions regarding New Hampshire forest fire laws, please contact me or the Division of Forests and Lands at 271-2217.

Respectfully submitted,
Roy F. Howe, Sr.
Forest Fire Warden

Meredith Emergency Management

1990 Annual Report

1990 has been an interesting year for Emergency Management activities in the community.

Heavy rains and local flooding during the first part of the summer caused some of the most extensive damage I have seen since becoming involved in Emergency Services. Many areas of the community faced serious loss of roads and services as a result of natural causes.

Surrounding communities also felt the sting of serious water problems and many phone calls were received looking for supplies and assistance. Even with the best of plans and equipment, the losses can stagger any community. Meredith sustained a lot of damage, yet the losses would have been far worse if caring people hadn't responded and worked so hard.

As Director, I sincerely wish to thank all the people that have worked so hard this past year trying to make Meredith a little safer place to live and work. I would especially like to thank all the citizens that called and inquired about services this year. It was pleasing to know that people care and are willing to get involved in their own protection.

Respectfully submitted,
Steven R. Bennett, Director
Meredith Emergency Management Agency

Batchelder Hill Road washout - storm of August 10, 1990

Public Works Department

1990 Annual Report

The year 1990 proved to be a year full of unusual events for the Public Works Department. With regular maintenance and the disastrous flooding in August, we had a very busy twelve months.

During our 1990 winter season, we continued to work towards reducing the amount of salt used on our roads and feel we are making a conscientious effort toward environmental awareness.

Mud season phase found us repairing gravel roads and getting them in shape for summer maintenance. York rakes were utilized and gravel was added as needed.

Spring also saw the reconstruction of Lake Street. The project involved road bed repair, replacement of storm drains, and installation of granite curbing. Paving the sidewalk and roadway completed this project.

The Waukegan boat ramp was yet another spring project. The ramp was used heavily during the summer and is becoming a popular recreational facility along with the new park.

The general summer maintenance program encompassed striping, street sweeping, roadside mowing, ditching, pot hole repairs, and constant repairing and replacing of street signs.

Livingston Road, which had been started in the fall of 1989, was resurfaced in early summer.

The floods of August forced the program in a new direction. Massive damage was done in the Chemung and Meredith Center areas. The total assessed damages amounted to \$420,053. The Town's share is \$52,506 and we have been awarded \$367,547 in Federal/State Emergency Management Assistance funds.

Upper New Hampton Road, which was also begun in the fall of 1989, was resurfaced and completed in October of 1990.

With the majority of flood repairs completed, attention went to roadside ditching and regular maintenance, as we lost approximately twelve weeks of regular maintenance work during the period of emergency reconstruction.

The permits and plans for the reconstruction of Clough Park have been received. Completion of the project was delayed because of the flood damage we had in August, but is rescheduled for the summer of 1991.

I look to 1991 to be a year for maintenance that has had to be postponed in favor of more essential pressing projects. Public Works employees and I wish to thank the residents and property owners of Meredith for their continued support.

Respectfully submitted,
Barry Cotton
Public Works Director

Lake Street - New Construction

Solid Waste Department

1990 Annual Report

1990 was a year when all of our efforts over the last three years were rewarded. The recycling program continues to grow thanks to the support of the community.

1990 was the first year that Centre Harbor is using our entire solid waste facility. I would like to welcome and thank them for their efforts and continued support.

The Town of Meredith appropriated \$22,000.00 in the Solid Waste budget for a recycling/storage building, contingent upon receiving a State recycling grant of \$10,000. We are pleased to notify you that on December 19, 1990, the Governor and Executive Council approved the \$10,000 funding of the recycling grant. Construction is planned for early 1991.

New decals will be required by June 1, 1991, and will be valid for a two-year period.

Household Hazardous Waste Collection Day, held at the Public Works Facility on July 28th, received hazardous wastes from five area communities. Meredith's hazardous waste collection consisted of 19 55-gallon drums of hazardous waste, 1 5-gallon lab pack, 1 55-gallon drum of PCB, 55 gallons of used motor oil and 87 used wet cell batteries. Waste contributors represented both year round residents and seasonal property owners. Meredith's share of the cost was \$13,000. There were 115 vehicles bringing this waste to the collection site.

Household trash alone consisted of 3,378.10 tons shipped out of Meredith for 1990. A total of 544.38 tons of construction debris were also shipped.

The recycling program is doing exceptionally well. Our records reflect the following:

Scrap metal separation	309.8 tons
Aluminum cans	22,160.0 lbs.
Aluminum foil	168.0 lbs.
Tin cans	27,720.0 lbs.
Old corrugated cardboard	85.5 tons
Old newsprint	102.2 tons
Plastics	34,323.14 lbs.
Glass	129.81 tons
Household batteries	1,450.0 lbs.

Automotive batteries	1,340.0 lbs.
Used tires	1,700
Used motor oil	1,000.0 gallons

Solid Waste employees and I wish to thank the residents and property owners of Meredith and Centre Harbor for their continued support.

Respectfully submitted,
Barry Cotton
Public Works Director

Water & Sewer Department

1990 Annual Report

During the past year the Water and Sewer Department personnel have installed a new water main and a new sewer main on Mudgett Avenue. The Olde Province Common shopping center on Rt. 104 was added to the water and sewer systems.

New hydrants were installed and old hydrants were updated and maintained. New water and sewer services were installed and old services were repaired or replaced as necessary. Broken water mains were repaired as well.

All buildings and pump stations and equipment were maintained and repaired when necessary. Meters were read quarterly. New meter testing equipment has been purchased and a program has been initiated to test all water meters in town. A number of meters are being tested every month.

Water samples were taken each month by Water Department personnel and sent to the State laboratories for verification of water quality. State personnel also took a number of water samples independently throughout the year.

Personnel assisted with the testing of all water mains in town by an independent contractor. This resulted in detection of three leaks which have been repaired.

All fire hydrants in town have been color-coded to assist the Fire Department to know the available capacity of gallons per minute from each fire hydrant.

A number of tours were given at the new Water Plant for school children as well as for representatives of various other cities and towns in the New England area. Representatives of New Hampshire, Vermont, Massachusetts, New York and Canada have toured the plant in anticipation of updating and changing their own water systems to meet Federal regulations. Anyone who is interested in touring the new plant should contact the personnel for a tour and explanation of the operation of the plant.

Water department personnel also assisted the other Town departments with backhoe work, cleaning culverts, etc., during the year. Schools and seminars were attended by personnel. This has resulted in an upgrading of licenses held by reclassification as required by State law.

It has been a privilege to serve the citizens of Meredith and I look forward to also serving you during the upcoming year.

Respectfully submitted,
Ken Hill
Water & Sewer Superintendent

Meredith Public Library

1990 Annual Report

The Meredith Public Library began a new decade offering more services, programs and material collections than ever before. Our patrons' enthusiasm, support and dedication enabled us to continue to bring superior service to everyone. The challenge of the early '90's was apparant with economic adjustments, re-evaluating priorities and social change. It was extremely rewarding to evaluate the library's statistics and realize in these difficult times that we are offering the taxpayers a consistent, solid, committed agency. Thank you, Meredith taxpayers, for taking advantage of all that Meredith Public Library offers you. Our success will always depend on you.

Continuing education was a top priority for library staff. Conferences, workshops and meetings were attended to strengthen skills. Professional local, state and national associations were joined to keep informed about latest trends and techniques.

We persevere in our outreach to the community through the schools, local organizations and events. The on-line data search with our new computer system and the continuing process of bar coding all holdings have been very exciting projects this past year.

Whether we are helping a student with research for a project, reviewing the latest acquisitions, speaking to a local organization or checking out library materials, we, the staff, are proud to serve the townspeople of Meredith. "We're here for you!"

Most sincerely,
Lydia M. Torr, Library Director

Meredith Conservation Commission

1990 Annual Report

Your Commission has been working on the preliminary program for the Aquifer Groundwater Study, with the help of the State Environmental Agency. This winter we have been collecting data relating to the business community consisting of the placement of wells, septic systems, fuel tanks, storage and disposal of chemicals, etc. This information will go into a data bank for future use in the Aquifer Study.

Work has been completed on an easement document for the use of land-owners abutting prime wetlands. The easement takes into consideration state, federal and IRS regulations.

Dredge and fill application inspections have slowed this year with less development and construction. We had five complaints of unpermitted work to inspect and several subdivisions involving wetlands.

The Boy Scouts are planning a tree planting program. The Commission has approved the use of the Jewell 3-acre lot, given to the Town in 1989, for this purpose.

Two boys from Meredith attended Conservation Camp this summer and reported that they learned a lot and had a good time.

Lakes Region Planning Commission

OVERALL PROGRAM SUMMARY

July 1, 1989 - June 30, 1990

ADMINISTRATIVE SERVICES

Background: FY-89

The LRPC continued to operate on a sound fiscal basis in FY-89. Staff supervision, program development and management, executive and regional meetings continued to demand a significant amount of time. Typical activities include reviewing, monitoring and developing policies, accounting and finance, budget, personnel, word processing, records management, contract management and implementation and the review of projects under the N.H. Intergovernmental Review Agreement with regional planning commissions. The projects reviewed by the LRPC requested \$117,073,351 of federal funds, \$8,078,380 of state funds and a total of \$147,287,765 of funds overall. The LRPC also acquired a new computer to allow administration and professional staff greater access to computing resources. We also released four quarterly newsletters.

1990 Goals and Objectives

A continuing goal of the LRPC is to operate as efficiently and effectively as possible. For the second year in a row, all 32 communities of the Lakes Region are members. Thus, the commitment to fulfill basic requests will remain a top priority. The LRPC is currently staffed with five full-time planners in response to the steady demand for planning expertise. Decisions relative to an increasing need for office space will also be addressed by the Commission this fiscal year.

Project development such as sharing the services of a planner, attorney, engineer or other professional will be considered as will other innovations that address pressing needs of the region and our members. The LRPC will also continue to publish the newsletter and other timely information and reports, as appropriate.

Planning and Zoning

The economic slowdown has resulted in a welcomed shift in departmental activity. As the number of specific applications for development has lessened, our focus has shifted towards longer range planning issues. Many planning projects are underway which will both further stated Master Plan objectives and provide local decision makers with enhanced planning tools.

In February, the Board of Selectmen appointed a volunteer Housing Task Force to investigate local affordable housing issues. The Task Force worked painstakingly over many months and has recently completed its draft report. It is anticipated that a public informational meeting will be held in early 1991 to present the findings and recommendations of the Task Force.

In April, the Planning Board appointed a volunteer committee to develop a Capital Improvement Plan (CIP). A CIP is a flexible, fiscal planning tool which identifies important capital projects referred to in the Master Plan. The plan, when completed, will recommend a general 10-year timetable for the capital improvements and will evaluate funding alternatives and tax rate impacts. It is anticipated that the work of the committee will be presented to the Planning Board during the first quarter of 1991.

During the summer, the Board of Selectmen appointed a volunteer ad hoc committee to develop preliminary recommendations for transportation planning and construction priorities along the Route 3/Route 25 state highway corridors. The work of the committee was presented to, and unanimously endorsed by the Governor's Advisory Commission on Highways in December. Local interaction with the State Department of Transportation and its consultants will continue to be a high priority for both the Town and State in the future.

During the summer and fall, Town officials met with representatives of the State Department of Environmental Services, Groundwater Protection Bureau, Office of State Planning, aimed at developing a local Groundwater Protection/Management strategy. Through the efforts of the Conservation Commission, a detailed inventory of potential threats to groundwater quality will be developed as an initial phase of the plan.

Also during the fall, the Town received several long awaited preliminary base maps. To date, information on these maps includes all public and private roads, surface water bodies, brooks, topography and parcel delineations. The mapping program will continue into 1991 with the addition of soils, zoning, wetlands and other information. The mapping program has already proven to be an invaluable tool for local Boards and staff members alike.

The backbone for our special planning projects, as well as regular land use decision making lies with the countless number of volunteers serving on our Boards, Commissions, Committees and Task Forces. The value of their contribution cannot be overstated. It is important that we recognize these efforts and continue to advance local solutions to local issues. From a community planning perspective 1991 will certainly prove to be a busy year.

Respectfully submitted,
John C. Edgar
Town Planner
December, 1990

Code Enforcement Report - 1990

Although building permit activity has slowed somewhat, there is still substantial activity in the planning and zoning aspects of Code Enforcement, and, of course, the health inspections, court appearances, training and the cleaning up of the aftermath of leaking underground storage tanks must still be addressed.

My office keeps busy.

John W. Dever, Jr.
Code Enforcement Officer

Parks and Recreation Department

1990 Annual Report

The Parks and Recreation Department has been involved in numerous improvement projects this past year. Projects included the installation of new playground equipment at Prescott Park, landscaping and parking lot expansion at Child's Park, a new constructed picnic area and renovation to the boat launch on Lake Waukegan. Some preliminary work was completed at Waukegan Beach bath houses for proposed construction of a permanent bath house/restroom facility. The planning and designs for a concession stand/restroom facility for Prescott Park were finalized and construction has begun and will be completed in the spring.

The Recreation Department and the Recreation Commission have been reviewing and compiling information for the Ten Year Capital Improvement Program for upgrading its existing facilities and development of future recreation facilities.

The Summer Program was very successful this past season with over 160 registrants in the playground program and 100 in the swim program. Thirty-one swimmers were involved in the Meredith Swim Team. The team competed with various local summer camps and communities. A newly organized tennis program was implemented as part of the playground program. The program was very successful with 25 children participating. Other programs and events offered throughout the year include a senior citizen walk program, National Youth Sports Coaching Clinics, Youth T-Ball and Soccer programs, the Annual Old Home Day events, Winter Carnival, special day trips, Men's Basketball, Youth Exploration Fitness Program, the annual Christmas Lighting Ceremony and North Pole Calling program. In the year to come, the Recreation Department and Recreation Commission will continue working together in planning new programs for all ages.

The department works with numerous civic groups, schools, the Meredith Youth Sports Association and businesses throughout the year. I would like to thank the staff, parents, Recreation Commission, Town Manager, Board of Selectmen and all other Town departments for their support and assistance in making this year a safe and successful one.

Respectfully submitted,
Louise A. Morin
Recreation Director

Buildings & Grounds Department

1990 Annual Report

The Buildings & Grounds Department has had a very busy year starting with spring clean up and lawn mowing and preparing the fields for the softball and baseball seasons. New picnic tables and lifeguard chairs were built for the summer season. Flowers were set out throughout the Municipal grounds with some new trees and shrubs. The dead trees at Hesky Park were cut with the assistance of Public Works. Two maple and two mountain ash trees were planted as replacements.

Trash receptacles were put out throughout town, the dock area and beaches with trash pickup made daily seven days a week throughout the summer. Through the efforts of Building and Grounds and Public Works, the new park and boat ramp were constructed at the old water plant site on Lake Waukegan. The new Town docks were also given a preservative treatment.

Buildings & Grounds backed up many recreational programs including Winter Carnival, ice skating, Old Home Day, Christmas Lighting and the field preparation for various youth activities. Additional playground equipment was installed at Childs Park and areas at the park seeded. Bridge repairs were made with the cooperation of the Water & Sewer Department and brush was cut along the road at the Reservoir property.

Along with various outdoor activities, we are also responsible for building maintenance, cleaning, and repairs for the many municipal buildings. Renovations converting the old police storage area were made into a kitchen area at the Municipal Building.

Christmas wreaths, lights and decorations were hung throughout the Town with the Chamber of Commerce reimbursing the Town for the wreaths.

Respectfully submitted,
Joseph LaFrance, Supervisor

Meredith Chamber of Commerce

1990 Annual Report

As in the past, in 1990 the major focus of the Meredith Chamber of Commerce was to engage in activities designed to attract tourists to the area. 100,000 copies of the Meredith brochure were printed and as a result of a matching grant from the State of New Hampshire, 90% of the brochures were distributed out of state. The Chamber again sponsored the Lakes Region Fine Arts and Crafts Festival and the Monte Carlo Night, and assisted with the promotion of the Fishing Derby and the Chowder Festival. The Chamber handled the arrangements for the Fourth of July Fireworks and for the community decorations during the Christmas season.

The Information Booth was open weekends during the spring and fall and seven days a week during the summer. Staffing the Information Booth this past year were Doris Stone, Alex Levy, Carol Lamper, Diane Ruel, Betsy Stetson, and Mary Watts.

The Chamber now has an answering service so our phone is answered Monday-Friday from 9-5. As a result of this service, we are receiving more inquiries than ever and are better able to service our members and the community. In the fall, the Chamber and twenty Meredith businesses sponsored a six week radio promotion on WHOM. Again this year, we worked with the Office of Vacation Travel, the N.H. Film Bureau, the Business and Industry Association, and the Lakes Region Association.

The Board of Directors is especially appreciative of the support and cooperation received from the community and from the Meredith town agencies and departments in carrying out its many projects.

Susan Cerutti
Executive Secretary

The Lakes Region Association

1990 Annual Report

The Lakes Region Association serves a forty-two town region in east central New Hampshire. Our primary mission is that of economic development via tourism marketing and public relations. As part of these endeavors, the fifty-third annual Where To Guide in the Lakes Region was produced for 1990. This guide contains information on each of the towns in the area, providing a resource for visitors and potential residents. To achieve success with these Lakes Region programs, a partnership of support is necessary.

Sincerely,
Lakes Region Association
David R. Lee
Executive Director

Lakes Region General Hospital

1990 Annual Report

November 26, 1990

Town of Meredith
Main Street
RR 4, Box 15
Meredith, NH 03253-9704

Dear Friends:

The \$12,000 appropriation given by the Town of Meredith is very important to Lakes Region General Hospital. This past year it enabled us to purchase Yag Laser accessories for our Operating Room. The Yag Laser is used for the latest type of gall bladder surgery as well as gynecological surgery.

Each year the people of Meredith provide funds for necessary medical equipment. The entire hospital family joins me in expressing appreciation for this vital support.

Sincerely,
Thomas Clairmont
President

TC/lmc

Meredith Public Health Nursing Association 1990 Annual Report

Once again I would like to thank the Town of Meredith for the generous appropriation. Your continued strong financial support makes it possible for us to provide continued health services to this community. Meredith Public Health Nursing Association is a Medicare, Medicaid, BC/BS approved and State licensed agency that provides skilled nursing, physical therapy, speech therapy, and home health services to the residents of Meredith and Centre Harbor.

Board of Directors

Rev. Glenn Rice, President
Virginia Hatch, Vice-President
Helen Laverdure, Secretary
Normand E. Valliere, Treasurer

Judy Stoecklin, CCC-SLP
Marylin L. Varney, A/HH
Dale M. Connolly, Bkpr./Sec.
Myrtle S. Moore, Part-time Bkpr./Sec.

A free Blood Pressure Clinic is held at our office on the 3rd Wednesday of each month. All are welcome to come from 12 noon to 3 p.m. Monthly blood pressure and foot clinics are provided by our nursing staff at the CAP Senior Center. A Flu Clinic was held again this fall. Eighty immunizations were given. We assisted the Lions Club Health Fair in October. Fifty people attended. We sponsored three Red Cross Blood Drives with the Meredith Altrusa Club.

Uncollectible accounts for 1990 - \$31,228.91

During the past year, memorial gifts were received in memory of Freeman Brooks, Marjorie Piper Cavanaugh, Harry Clark, Muriel Cooley, Hannah Cummings, Thomas Drumm, Mary Fletcher, Gordon Foshay, Henry Fournier, Helene Gleason, Stanley Heath, Christie Heatherington, Norman King, Gail Mudgett, Jennie Pelczar, Mary Philbrook, Illa Putnam, Wayne Richards, June Rollins, Ethel Slater, Louise Smith, Herberta Stark, Albert Swain, Albert Taylor, Mary A. Taylor, Linnie Tilton, Laurence Titus, Leona Tucker, Raymond Tucker, Louise Wyatt and Doris Yeaton.

I would like to take this opportunity to thank everyone who has supported us with donations, memorial gifts, and those who have responded to our Annual Fund Drive. Your thoughtfulness is sincerely appreciated. A special "Thank You" to everyone who donated to the Christmas Clothing Fund for families. The response was very positive and many families had a brighter Christmas.

June A. Plummer, R.N.
Exec. Dir./Supr.

Inter-Lakes Day Care Center and Nursery School 1990 Annual Report

In the fall of 1990 our After-School Program expanded to include a second class room at the Lang Street School. This involved dividing the entire group into two age groups for ease in conducting the afternoon activities. During 1990 the Center in its combined programs for children ages two years six months to twelve years, served 159 children from 75 families. The Summer Camp Program was a great success with perfect weather for swimming and tennis lessons and field trips. Vision and hearing screening, dental care and the USDA School Lunch program continued for another year. The economy has taken its toll, however, with an increase shown in Title XX eligible participants. Our number of homes remains at 30 for licensed family day care providers sponsored for USDA reimbursement for meals and snacks.

The Inter-Lakes Day Care Center, Inc., is a private, non-profit, fully licensed, tax-exempt child care program incorporated in October 1971, governed by a volunteer Board of Directors. The Board and Staff are appreciative of the support and donations received from the community. Area residents are cordially welcome to visit the Inter-Lakes Day Care Center and Nursery School at 11 Lang Street in Meredith.

Connie Pelletier
Executive Director

New Hampshire Humane Society

1990 Annual Report

The 1990 totals of the number of animals brought to the N.H. Humane Society Shelter from your town are as follows:

By your Animal Control Officer:

Dogs and Puppies 60	Cats and Kittens 13	TOTAL 73
---------------------	---------------------	----------

From local Residents:

Dogs and Puppies 40	Cats and Kittens 137	TOTAL 177
---------------------	----------------------	-----------

Total Number of All Animals Received:	250
---------------------------------------	-----

We are sending you a copy of the report on all towns that used the shelter facilities and services in 1990. Your Society's shelter has been inspected and licensed by the State and fulfills your licensed dog pound requirements. It also complies with RSA 442-A, the Rabies Control Act for holding stray dogs.

Every town has stray animal problems. We encourage your town and especially your Animal Control Officer to use our services more in 1991.

Sincerely,
Fritz T. Sabbow
Executive Director

Animal Control Report

1990 Annual Report

Dogs licensed:	582
Calls for service:	391
Bites reported:	56
Animal shelter trips:	82

RSA 466:1 Procuring License; Tag Every owner or keeper of a dog three months old or over shall annually, on or before April 30, cause it to be registered, numbered, described and licensed for one year from the ensuing May 1, in the office of the clerk of the city or town wherein said dog is kept, and shall cause it to wear around its neck a collar to which shall be attached a metal tag with the following information thereon: the name of the city or town, year of issue of license and its registered number. Said tag shall be furnished by the clerk at the expense of the city or town from the amount received from the dog license fees.

Respectfully submitted,
Lawrence E. Swain
Animal Control Officer

Prudence Tylanda, Area Director

Lakes Region Family Service Association, Inc. 1990 Annual Report

PROGRAMS AND SERVICES

1. **Family Counseling Program:** Parenting Program, Adult Children of Alcoholics Program, Children of Divorce. Outpatient counseling services are provided according to a sliding fee scale.
2. **Domestic Violence Program and Shelter:** The agency sponsors a comprehensive program of services to violent families. This includes a 24 hour crisis line, court and social service advocacy, support groups, family counseling, and shelter for battered women and their children.
3. **Information and Referral:** Human service information and referral to approximately two hundred (200) callers per month. Walk-ins welcome. Volunteer rides to medical appointments by arrangement.

Meredith Historical Society

1990 Annual Report

The Meredith Historical Society was organized in 1950 for the purpose of preserving the history of the Town of Meredith, N.H. We are fortunate to have the Oak Hill Church, built around 1802, for our museum. This structure is on the National Registry of Historic Places. The Society and Museum are supported by dues, donations, the sale of historical publications and the Annual Indoor Yard and Food Sale.

The highlight of the year was the ribbon-cutting ceremony officially opening the new entrance ramp. The building is now accessible to all. We were privileged to have Mrs. Ruth Colby, Past President, do the honors. We appreciate the Town's help and cooperation on this project.

In 1991 we hope to add some sort of heating system to increase the usability of the museum building. At present, we hold monthly meetings there when it is warm enough, meeting in the village the remainder of the year. Meetings are held the first Tuesday of each month, from April to December at 7:30 P.M. and the public is cordially invited. The Museum is only open Saturdays from 1 P.M. to 4 P.M. during July and August but we hope to extend those hours next summer. Any group wishing to hold a meeting there or arrange a guided tour of the museum may do so by contacting the Society President at 279-5594.

To commemorate the Society's 40th year of existence, a plaque was hung in the Museum bearing the names of all Past Presidents. Programs included two presented in cooperation with the Humanities Council: one on "Colonial New Hampshire" by Professor Jere Daniell and another by Allan Koop on "White Mountain Huts." Learning the history of the Meredith Fire Department made for an interesting program, held at the Meredith Center Station. The Society for the Protection of New Hampshire Forests presented a program called the "History of Logging and Related Tools." Other programs were presented by members.

Meredith has a museum to be proud of and it is filled with interesting artifacts from the Town's past.

Officers for 1991 are: President, William Pond; Vice President, Russell Brightman; Treasurer, Robert Mears; and Secretary, Esther Wyatt.

Jan Pond

Paula L. Jones, Deputy

RSA 466:30A Dog Control Law adopted in Meredith in 1979. It shall be unlawful for any dog to run at large except when accompanied by the owner or custodian. In this section "at large" means off premises of the owner or keeper and not under the control of any person by means of personal presence and attention. An owner who allows their pet to run loose is subject to a fine.

Meredith Assessing Department

1990 Annual Report

The Town of Meredith has a total valuation of \$611,589,751 for 1990. While 5,189 bills were sent out, Meredith shows 5,348 recorded parcels. This figure includes all nontaxable and divided interest parcels.

I would like to take this time to explain the changes in the abatement process. The first step, and probably the most important, is to make sure you have filed an inventory form. The Assessing Office will personally review your assessment card with you. At which time, if you so choose to continue the process you will receive an abatement application. This must be filled out and returned to this office. There is a time limit for filing; 60 DAYS with the town and FOUR MONTHS with the Board of Land and Tax Appeals. These new time frames went into law on July 1, 1990. After consideration, a recommendation will be made to the Selectmen; at which time your application will either be approved or denied. You will be notified in writing of the decision and have the right, if not satisfied with the decision, to appeal to the Board of Land and Tax Appeals. Instructions are on the back of your notification.

The Assessing Office is looking at 1991 with great anticipation. I look forward to working with all taxpayers in Meredith. Please do not hesitate to call my office, make an appointment or stop by when in the area, Monday through Friday, between the hours of 10:00 AM and 12:00 noon.

There are several types of exemptions available to the residents of the town. If you feel you are eligible for any of these exemptions you must file an application with the Assessing Office by April fifteenth. If you would like more information on the exemptions, please feel free to contact this office.

Tim Warren
Assessing Coordinator

Independent Auditor's Report On Financial Presentation

To the Members of the Board of Selectmen
Town of Meredith
Meredith, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Meredith and the combining and individual fund financial statements of the Town as of and for the year ended December 31, 1989, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Account Group results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Meredith at December 31, 1989, and the results of its operations and the changes in financial position of its nonexpendable trust funds for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the Town at December 31, 1989, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.

Plodzick & Sanderson

1991
Meredith
Warrant

Meredith Town Warrant

State of New Hampshire

TO THE INHABITANTS OF MEREDITH
QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet at St. Charles Church Auditorium, Route 3, in said Town on the second Tuesday of March next, March 12, 1991 from 7:00 A.M. until 7:00 P.M. for the casting of ballots; and at 7:00 P.M., Wednesday, March 13, 1991 at the Robert Pottle Memorial Auditorium in the Inter-Lakes High School in said Town to act on the following articles:

BALLOT ARTICLES TO BE ACTED UPON

ARTICLE 1

To bring your ballots for:

One Selectman for three years
One Trustee of Trust Funds for three years
Three Library Trustees for three years

ARTICLE 2

To choose other necessary Town Officers.

ARTICLE 3

Shall we adopt the provisions of RSA 72:29-a, II, to increase the surviving spouse exemption for surviving spouses of veterans who died while on active duty in certain conflicts from \$700 to \$1,400? (Petitioned by 25 or more voters.)

Yes_____

No_____

ARTICLE 4

Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Zoning Ordinance as follows: Having to do with the definition of "Maximum Lot Coverage" limitations as discussed at a Public Hearing on December 11, 1990; the purpose being to expand the definition to include gravelled surfaces?

Yes_____

No_____

ARTICLE 5

Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with Temporary Signs as discussed at a Public Hearing on December 11, 1990;

the purpose being to exempt non-profit organizations, charities , service organizations, etc., from the requirement to obtain a Temporary Sign Permit for non-commercial, temporary signage?

Yes_____ No_____

ARTICLE 6

Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with building height limitations in the Shoreline District as discussed at a Public Hearing on December 11, 1990; the purpose being to reduce the maximum building height for structures on waterfront parcels from the existing 38' to 32' and to allow structures not exceeding 38' by Special Exception?

Yes_____ No_____

ARTICLE 7

Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with "Group Homes" as discussed at a Public Hearing on December 11, 1990; the purpose being to comply with the intent of the 1988 Fair Housing Amendment Act by permitting "Group Homes" by Special Exception in the Residential, Shoreline, Commercial/Route 3 South and Central Business Districts?

Yes_____ No_____

ARTICLE 8

Are you in favor of the adoption of Amendment No. 5 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with building height standards of measure as discussed at a Public Hearing on December 11, 1990; the purpose being to delete reference to "stories," thereby relying solely upon the actual building height as the standard of measure?

Yes_____ No_____

ARTICLE 9

Are you in favor of the adoption of Amendment No. 6 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with defining wetland categories and associated watershed protection areas (buffers) as discussed at a Public Hearing on December 18, 1990; the purpose being to clarify and establish the following terms and relationships:

Category	Watershed Protection Area/Buffer
"Designated Prime Wetland"	150' (existing)
"Designated Brooks"	150' (existing)
"Designated Wetland"	100' (existing)
"Non-Designated Wetlands"	50' (proposed)
Yes_____	No_____

ARTICLE 10

Are you in favor of the adoption of Amendment No. 7 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with Wetland Impact Assessments as discussed at a Public Hearing on December 18, 1990; the purpose being to require a professionally prepared impact assessment in certain instances where a Special Exception is sought from the Zoning Board of Adjustment for non-permitted land uses within a watershed protection area?

Yes_____

No_____

ARTICLE 11

Are you in favor of the adoption of Amendment No. 8 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with wetland mitigation requirements as discussed at a Public Hearing on December 18, 1990; the purpose being to require that newly created wetlands be equal in functional value to those wetlands being filled and that wetland mitigation plans be professionally prepared?

Yes_____

No_____

ARTICLE 12

Are you in favor of the adoption of Amendment No. 9 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with the exemption of certain wetlands from the provisions of the Wetlands Ordinance as discussed at a Public Hearing on December 18, 1990; the purpose being to establish a process whereby certain smaller, isolated, low valued wetlands may be exempted from the provisions of the local Zoning Ordinance?

Yes_____

No_____

ARTICLE 13

Are you in favor of the adoption of Amendment No. 10 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with rezoning as discussed at a Public Hearing on January 8, 1991; the purpose being to rezone that area which lies westerly of True Road, North and South of existing Residential Districts and easterly of the Central Business District from Forestry/Rural to Residential?

Yes_____

No_____

ARTICLE 14

Are you in favor of the adoption of Amendment No. 11 as proposed by the Planning Board for the Town Zoning Ordinance as follows: Having to do with "Accessory Apartments" as discussed at a Public Hearing on January 8, 1991; the purpose being to permit "accessory apartments" by Special Exception (in all Districts excluding the Business/Industry District) and to establish applicable criteria for the granting of the Special Exception?

Yes_____

No_____

DELIBERATIVE SESSION

ARTICLE 15

To see if the Town will vote to (i) raise and appropriate the sum of One Million, Seven Hundred and Nineteen Thousand Dollars (\$1,719,000.) for the purpose of extension of the Municipal Water System to Meredith Center, including installation and construction of a twelve (12) inch and eight (8) inch water main system, treatment plant improvements and related improvements, said appropriations to be inclusive of State or Federal grants-in-aid, court judgments or any contributions from other sources, provided that such appropriation shall be contingent upon receipt of written commitments for grants-in-aid, court judgments or other contributions in a minimum amount of Nine Hundred and Sixty-Nine Thousand Dollars (\$969,000); (ii) to authorize the issuance of serial bonds or notes in accordance with the provisions of the Municipal Finance Act, Chapter 33, of the New Hampshire Revised Statutes Annotated, as amended, to meet said appropriation, provided, however, that the total amount of such bonds or notes to be issued shall be reduced by the amount of grants-in-aid, court judgments or contributions from other sources; (iii) to authorize the Town Treasurer to make temporary borrowings, in accordance with the provisions of said Chapter, in anticipation of the receipt of the proceeds of said bonds or notes; and (iv) to authorize the Treasurer to determine the method and manner of sale of such bonds, notes and temporary borrowings, to determine the rate of interest thereon, approve the form and determine all other details and particulars thereof, and to take such other action as may be necessary to effect the issuance, sale and delivery of such bonds, notes and temporary borrowings, as shall be in the best interest of the Town, including the authority to enter into a Tax Regulatory Agreement, containing such representations and covenants as are necessary to maintain the tax exemption under Federal Income Tax Laws of interest on such bonds, notes and temporary borrowings; to authorize the Selectmen and Town Manager to apply for and accept any and all State or Federal grants-in-aid, court judgments, or other contributions in aid of the project, and to expend the appropriation in accordance herewith. (Passage requires affirmative vote of two-thirds present and voting.)

ARTICLE 16

To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by Town Meeting, money from gifts or donations, etc., from the State, Federal or other governmental unit or a private source which becomes available during the year, in accordance with RSA 31:95-b.

ARTICLE 17

To see if the Town will vote to authorize the Selectmen and Treasurer to borrow in anticipation of taxes, such sums as are necessary for the operation of the Town and to set the rates, effect the issuance of notes, and to otherwise negotiate for the sale of notes to be paid within the present fiscal year.

ARTICLE 18

To see what sum the Town will vote to raise and appropriate for the necessary operational expenses of the Town for the ensuing year.

ARTICLE 19

To see if the Town will vote to authorize the Selectmen to sell and transfer title to all real estate taken by the Town in default of redemption or from any Tax Lien upon such conditions as they shall see fit.

ARTICLE 20

To see if the Town will vote to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000.) for improvements under the State Aid Reconstruction Program provided that the State of New Hampshire appropriate Forty Thousand Dollars (\$40,000.).

ARTICLE 21

To see if the Town will vote to authorize the Selectmen to expend such amounts from the Refuse Disposal Capital Reserve Fund as may be necessary for the reconstruction and/or capital expenditures as required.

ARTICLE 22

To see if the Town Meeting will vote to discontinue a portion of a Class V highway known as Cattle Landing Road from the original layout of 1844, that portion existing outside a newly created 50 foot wide right-of-way running from Meredith Neck Road intersection through the property owned by Gypsy Camp Revocable Trust in accordance with plans presented to the Board of Selectmen by Associated Surveyors. Said discontinuance to be contingent upon transfer of a 50' R.O.W. by Gypsy Camp Revocable Trust.

ARTICLE 23

Should the polling hours for all elections be extended to run from 7:00 a.m. to 7:00 p.m.? (Petitioned by 25 or More Legal Voters.)

ARTICLE 24

To see if the Town will vote to discontinue a portion of the rangeway as originally laid out in the Town of Meredith. That portion to be discontinued is approximately sixty-six (66) feet in width and runs in a northeasterly direction from the northeasterly sideline of Winona Road (sometimes known as

Oak Hill Road) in a straight line across land of the Meredith Historical Society (Lot 132, Tax Map S26, 4/1/90) to its southwesterly boundary line at land now or formerly of Everett and Florence Horne (Lot 131, Tax Map S26, 4/1/90); and to see if the Town will vote to release and quitclaim any right, title and interest it may have in and to said rangeway to the Meredith Historical Society. (Petitioned by 25 or More Legal Voters.)

ARTICLE 25

We the people of the Town of Meredith strongly encourage our state to maintain its commitment to programs and services that serve the basic human needs of our poor, sick, disabled, children, elderly and unemployed citizens. Further, we urge that the maintenance of this commitment should not result in a shift of financial responsibility to the local community. (Petitioned by 25 or More Legal Voters.)
